

STEM Immersion Guide Self-Assessment Form

Directions: This form will assist you in completing the STEM Self-Assessment that is online as part of the STEM Immersion Guide at www.sfaz.org. This form should be used in conjunction with the online questions. As you answer the questions, use this form to take notes and list evidence for your answers in the space provided, then readjust your answers if necessary based on the evidence you provide and after watching the indicated videos before moving on to the next step.

Step	Goal	Evidence /Notes	Conclusion
1	Define Stem		Your team understands what STEM means
2	Determine your Baseline Level		Baseline Level =
3	Determine your Leadership Level		Leadership Level =
4	Determine your Teaching Level		Teaching Level =
5	Determine your Learning Level		Learning Level =
Step	Goal	Evidence/ Notes	Conclusion
6	Determine your Evaluation Level		Evaluation Level =

7	Determine your Budgeting Level		Budgeting Level =
8	Determine your Sustainability Level		Sustainability Level =

Step 9: Determine Your Goal Level

- If your levels in steps 3-8 match your **Baseline Level** in step 2, then your Baseline Level is your Goal Level.
- If some of your levels are higher than your Baseline Level, then your Goal Level can be the higher level, but it is not recommended you try to jump higher than one level from your Baseline Level.

Goal Level:

Notes:
